Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Is your smartphone making you SUCCESSFUL? Are you getting your MONEY S WORTH out of that expensive piece of technology? Smartphone Utopia is a brilliant fiction story that will change the way you use your mobile device. Few people are fully aware of how powerful the tool they carry around in their pocket really is. Yet, if they learned to put that technology to work for them, it would drastically improve their life. Beyond communication and social media, a smartphone is a supercomputer that can be used to free your mind from stress, allow you to focus on the moment, and help you to achieve your dreams. This book is intended to be an inspiration to the mobile generation-an encouragement to use technology to create a more fruitful life instead of letting it distract us from living. Above all, the goal of Smartphone Utopia is to provide a great story. Reviewer Quote: An inspiring blend of head and heart--weaving solid advice and technology tips into an engaging storyline that guides readers on an adventure while imparting core life strategies on simplifying and meeting personal, financial and career goals. --Julie Fuerst, Education Coordinator Also included in the back of the book is a 24 page investment strategy that uses both stock and options (the strategy can be purchased separately in the eBook Investing Utopia). This strategy is considered mobile friendly because it is easy to use your smartphone to monitor and trade your investments when the strategy requires it.
