By Kirk Lester Hatch

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Elementary Agriculture of Tennessee: With Practical Artithmetic As the population of our country increases, it is fast becoming evident that two things must be done: poorer soil must be cultivated, and what is already under cultivation must be made to produce more. In either case more thoughtful methods in agriculture are absolutely essential. The farmer of to-morrow, who is to-day the farmer s boy, must know how to farm better than his father does. In order to do this, he must acquire a more or less complete knowledge of the sciences on which agriculture is based. The farmer of the future must be able to read farm papers understandingly, or better still, he should be trained for his life work in some agricultural school as doctors, lawyers and teachers are now trained. It is the purpose of this book to give to the farmer s child, who studies it, a start in such necessary knowledge. The language used is plain and simple, and may be readily understood by any bright boy or girl of twelve...
