CORROSION INHIBITION OF LOW CARBON STEEL IN CRUDE OIL

LAP Lambert Academic Publishing Jan 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x5 mm. This item is printed on demand - Print on Demand Neuware - The influence of hydrodynamic conditions on the formation and stability of corrosion inhibitor layer formed on mild steel surface during pipeline transportation process was investigated. The investigation involved the effect on corrosion rate of exposure time and Reynolds number. The investigation showed that in both solutions, the corrosion rate increased with Reynolds number and decreased...

Reviews

It in a single of my favorite publication. It really is rally interesting through studying period. Your life period will probably be transform once you total looking at this book.

-- **Janie Schultz I**

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.
