Reviews

Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

He found everything in disorder, and had everything to reconstruct. He had to recast the whole judicial system of India-to create for her a paper enurrency-T-to superintend the remodelling of her taxation, and the reorganization of her finances. Ho had to dcvelope a railway system, and last, and most difficult of all, to carry through the herculean labour of amalgamating the Queen s armies. If it has been impossible to do justice to every individual, we believe that, upon the whole, the Indian army has been a gainer under the change. Where is the man possessed of that extent and variety of knowledge, that quickness, industry, and versatility, that acquaintance with matters financial, military, naval, judicial, and political, which will enable him to rule with a firm and unfaltering hand the mighty destinies of 150,000,000 of the human race ?-Times, Feb. 6, 1866. No tale in Hindoo mythology is more wonderful than the change which has been wrought in India within the last few years. The enchanter that have worked the spell have been peace, justice, and commerce. It may be added, that the system first fairly tried of governing India through a Secretary of State, directly and personally responsible to Parliament, has proved beyond expectation successful, -Edinburgh Review, July, 1864.
